For people with a similar name, see George Bridgeman (disambiguation). George BridgmanBorn(1864-11-05)November 5, 1864United Province of CanadaDiedDecember 16, 1943(1943-12-16) (aged 79)New York City, New York, United StatesNationalityCanadian AmericanEducationÉcole des Beaux-ArtsKnown forPainting, art education, anatomy, figure drawing George Brant Bridgman (November 5, 1864 – December 16, 1943)[1] was a Canadian-American painter, writer, and teacher in the fields of anatomy and figure drawing. Bridgman taught anatomy for artists at the Art Students League of New York for some 45 years. Life and work Bridgman was born in 1864 in the United Province of Canada.[2][3] In his youth, Bridgman studied the arts under painter and sculptor Jean-Léon Gérôme at the École des Beaux-Arts in Paris, and later with Gustave Boulanger.[1] For most of his life Bridgman lived in the United States where he taught anatomy and figure drawing at the Art Students League of New York (from 1898 until 1900, and then 1903 until October 1943).[4][5] His successor at Art Students League was Robert Beverly Hale. Bridgman had also taught classes at the Grand Central School of Art and at the American Bank Note Company.[6] Bridgman used box forms to represent the major masses of the figure (head, thorax, and pelvis) which he would tie together with gestural lines and produce to create "wedges" or simplified interconnecting forms of the body.[7] He had been a member of the Royal Canadian Academy of Arts.[8] Notable students Among his many thousands of students was Norman Rockwell;[1][4] in his autobiography, My Adventures as an Illustrator (1960), Rockwell spoke highly of Bridgman. Roughly 70,000 students studied with Bridgman in his many years teaching,[4][9] notable artists include: McClelland Barclay,[10] Emily Newton Barto,[11] C. C. Beall, Gifford Beal,[12] Elizabeth Cady Stanton Blake,[13] Rosina Cox Boardman,[14] Bessie Callender,[15] Dane Chanase,[16] Richard V. Culter, Chon Day, Joseph Delaney,[1][17] Elsie Driggs,[18] Eyre de Lanux,[19] Helen Winslow Durkee,[20] Will Eisner, Edward McNeil Farmer,[21] Elias Goldberg, Marion Greenwood,[13][22] Robert Beverly Hale,[23] Lorenzo Homar, Clark Hulings, Louis Paul Jonas,[24] Jack Kamen, Deane Keller, Lee Krasner,[25] Richard Lahey,[26] Andrew Loomis, Anita Malfatti, Paul Manship,[27] Frank McCarthy, Earl Moran, John Cullen Murphy, Kimon Nicolaïdes, Corrado Parducci,[28] Norman Raeben, Frank J. Reilly, Joseph Emile Renier,[29] Ulysses Ricci, Ernie Schroeder, Archie Boyd Teater, Allie Tennant,[30] John Vassos, Franklin Brooke Voss, Edmund Ward,[1] Mahonri Young,[31] and William Zorach.[32] Jackson Pollock's sketchpad features work from Bridgman's books. Death and legacy Bridgman died on December 16, 1943, in New Rochelle, New York, after suffering from an illness for a year.[6] He was survived by his wife, Helene Leonora Bridgman (née Ruppersberg) and their three children.[6] George Bridgman has 100 drawings in the public collection at the Norman Rockwell Museum.[33] Rescue of a Youth Fallen Overboard from a Fishing Boat, 1888, (Collection Albright-Knox Art Gallery, Buffalo, New York) Bibliography Bridgman, George B.; Simon, Howard (1952). Drawings from George Bridgman's 1911 Art Class Art Students League of New York George Bridgman at Find a Grave Retrieved from " Os livros de George Bridgman são considerados entre os mais importantes da arte-educação — esse mestre de tantos mestres deixou uma herança inestimável de ensinamentos relacionados com a arte do desenho, principalmente da anatomia humana, que a [editora] Criativo começa a tornar acessível aos estudantes de hoje, no País. No final do século XIX ocorria uma convulsão nos meios sociais e econômicos, em um mundo que se desenvolvia aos saltos, depois do impulso tecnológico radical dado pela Revolução Industrial, que começara há mais de um século no Reino Unido, e que continuava em expansão, se espalhando por outras nações, e também devido às grandes invenções que abriam novos horizontes nas comunicações, na cultura e influenciavam as artes e o comportamento. Foi nesse ambiente que o canadense George B. Brigdman tornou-se professor de arte, depois de se formar estudando na École des Beaux-Arts, em Paris. Brigdman desenvolveu seus próprios sistemas de ensino, fundamentado nas tradições pictóricas neoclássicas francesas, e envolvido com as tendências estéticas da Art Noveau que valorizava os ornamentos decorativos, a graça sinuosa e sensual das curvas. A visão de arte de Brigdman também apontava para o Barroco e incorporava prazerosamente as influências benéficas da Alta Renascença, estas ditadas por magos das artes, como Michelangelo e Rafael. Para estudo e ensinamento, Brigdman interpretava as partes maiores do corpo humano — cabeça, tronco e membros — em “caixas” e desdobrava a ligação entre essas partes em “cunhas” para representar o movimento. A relação entre movimento e blocos de massa fica amplamente evidenciada nos métodos de ensino do mestre — sendo que os exemplos dessa relação estão expressos nas mais de 200 ilustrações do volume Como Desenhar Anatomia – A Figura Humana. Depois de se ocupar com a anatomia geral, neste livro o mestre detalha músculos e esqueleto de partes do corpo, chegando às mínimas extremidades dos dedos das mãos e pés. Como Desenhar Anatomia – A Figura Humana traz um pouco da genialidade do intenso método de ensino de George Bridgman, aplicado com o mesmo rigor didático que ele consagrou ao longo de 45 anos presente no corpo docente da Art Students League, de Nova York. COMO DESENHAR ANATOMIA A FIGURA HUMANA – GEORGE BRIDGMAN Editora Criativo Autor: George Bridgman ISBN: 978-85-64249-92-9 Formato: 21 x 28 cm 96 páginas GEORGE BRIDGMAN Artista excepcional, um dos maiores instrutores de desenho da figura humana do mundo, George B. Bridgman foi professor do Art Students League, de Nova York, por mais de 45 anos. Durante seu longo período como professor de arte, Bridgman teve entre seus alunos artistas mundialmente famosos, tais como Norman Rockwell, Stan Drake, Will Eisner, Andrew Loomis e a brasileira Anita Malfatti. Nascido em 1865, no Canadá, durante a juventude George Bridgman teve sua formação artística completada na École des Beaux-Arts, em Paris, tendo estudado com Jean-León Gérôme (1824-1904) e com Gustave Boulanger (1824-1888). Morreu em Nova York, em 1943.
